

STATE OF IOWA  
DEPARTMENT OF COMMERCE  
UTILITIES BOARD

IN RE:  ENRON ENERGY SERVICES, INC.	DOCKET NO. CGP-01-11
---	----------------------

**ORDER EXTENDING DATE FOR DETERMINATION**

(Issued November 27, 2001)

On August 24, 2001, Enron Energy Services, Inc. (Enron), filed an application requesting the issuance of a certificate as a competitive natural gas provider (CNGP) by the Utilities Board (Board). The Board's rules at 199 IAC 2.2(18) and 19.14 establish the filing requirements for the issuance of a certificate. On August 29, 2001, the Board notified Enron that the application was complete and the 90-day review period had begun. The 90-day period will end on November 27, 2001.

Iowa Code § 476.87 prescribes that the Board shall make a determination on an application for certification within 90 days unless the Board determines that additional time is necessary to consider the application. If the Board determines that additional time is necessary, the Board may extend the time for making a determination for an additional 60 days. The Board has requested that Enron provide some additional information concerning its application and that information will not arrive in sufficient time for the Board to make a determination before November 27, 2001.

The Board will extend the time for making a determination concerning the application an additional 60 days to allow time to receive and review the additional information. Once the Board has received the additional information from Enron, the Board will make its determination.

**IT IS THEREFORE ORDERED:**

The time for making a determination concerning the application of Enron Energy Services, Inc., for a certificate as a competitive natural gas provider is extended to January 25, 2002.
